

WHEN SERVICE MATTERS, WHO SHOULD YOU TRUST?

At Above + Beyond Heating + Cooling, we're proud of our years of service to the Central Oklahoma area, and look forward to helping you with your air conditioning and heating needs. We're pleased to serve both residential and commercial customers. Our team is prepared to help you with sales, service and installation of the comfort system that is ideal for your home or business. Whether it's a new installation or routine service, our factory-trained technicians provide the expertise your comfort depends on. At Above + Beyond Heating + Cooling, we repair all makes and models.

We make it our priority to run our company by these values:

- Family first
- Hire the best team members
- Honesty and integrity
- The highest quality service- delivered in the most professional and personal way

For every new member in Saige's Loyalty Club, we donate \$5 to the OK Humane Society

WHY SHOULD I DO ROUTINE MAINTENANCE ON MY SYSTEM?

Just like changing the oil in your car, you need to get your unit tuned up twice a year! By having a company provide documented tune ups each year, you protect your warranty and will detect issues earlier.

LOYALTY CLUB FEATURES/ADVANTAGES

*** Additional dispatch fee after 7PM

Service is needed before the start of each cooling season and each heating season. Different maintenance procedures are performed for your cooling system than for your heating system. Because your comfort system works so hard during the year, a number of components need adjustment, calibration, lubrication, and cleaning each year. Your system will still work for a time without maintenance, but not as efficiently.

During an inspection, a number of items are checked. Some of the checks are to identify and stop small problems that could become big problems. Some are to verify safe operation.

When it comes to your family, you want dependable air conditioning and heating systems that provide you with value as well as comfort. Thanks to Above + Beyond Heating + Cooling, you can expect value and comfort.
